### Reference letter

I am writing this letter to recommend the services of TechSolutions Group sp. z o.o. Our company has been working with TechSolutions Group on project "Support and guidance in preparation of risk analysis documentation related to the one-man operation of locomotive type General Electric C36-7i", including FTA and FMEA analyses and documentation review. The project ended with full success, along with acceptance from Assessment Body, local infrastructure manager and national safety authority.

TechSolutions Group is a company with skilled employees and full technical facilities. We are happy to recommend the services of TechSolutions Group, which we consider to be a reliable company and a professional business partner.

Martin Laur  
Head of Safety and Quality Department  
AS Operail
